

2021 NO DIG NORTH SHOW

The North American Society for Trenchless Technology and the Canadian Regional Chapters are excited to bring the 2021 No-Dig North to the Vancouver Convention Centre in Vancouver, British Columbia, Canada on November 8-10, 2021.

The show will consist of two days of technical paper presentations and industry exhibits in the trenchless technology field. Pre-event Good Practices Courses will also be available to attend on Monday, Nov. 8, 2021 followed by an opening reception for all attendees.

We are currently accepting abstracts through March 2, 2021. Case studies, new products and methods, trenchless research and innovation and planned methodology changes relating to the following trenchless technologies are being accepted:

- Lining/Sliplining/Coating
- Pipe Bursting/Splitting Eating/Extraction
- Tunneling
- Microtunneling/Pipe Jacking
- Horizontal Directional Drilling
- Auger/Case Boring
- Inspection/Maintenance Technologies
- Subsurface Utility Engineering

Abstracts can be submitted [here](#).

Registration, exhibitor, and sponsorship information is coming soon. For information on sponsorships and exhibiting at the show contact [Kelly Dadich](#).
